For King K\*ng sized appetites. They'd been eating this style of fiction foods for bloody years now and it was given out for free gratis, and... Blessed is the writer... For he only had a hard weight Movie Star creative choice breaky which keeps him full-up stuffed straight through till dinner f\*cking lovely it was. I as magic weight opted for a 2-pound loin steak of Orangutan cut in kabobs cooked it on the grill held with bamboo skewers a glorious dish indeed. It was as delicious as you might imagine I put the Monkey in the fridge last evening with the marinade I added some thickly chunked onion and some avocado I had to

use one up and... Then basted the marinade over the whole skewer from time to time. The meat was so tender it barely stayed on the stick.
